

2. Goals for the coming year.

Tractor Driving Contest Reviewed.

Establish a statewide tractor safety resources such as speakers, CD, Videos, etc.

Train teachers to be certified in tractor safety.

Survey teachers to see what certifications that they have for safety programs.

3. Ways and means to meet goals for this coming year.

Tractor Safety

1. Name Change? Liability? The class teaches more than tractor driving and the book and certification is named differently. Check with insurance companies and other groups that work with this program to see if any changes need to be made.
2. Tractor Safety Certification for agricultural instructors.
3. Penn State's program: book on CD Sponsor them to attend summer conference? Steve Stomberg will contact Penn State.
4. New teachers should be made aware of the program during their training. Cheryl Skojlas: contact to look at certification. Bret Iverson will contact her about a summer program to train the trainers. State resource base of speakers and resources be offered to instructors.

Tractor Driving Contest

1. Tractor Driving Contest: The sectional winner advisor is asked to help at the contest. At sectional meetings encourage new teachers or teachers not familiar with the contest attend a sectional tractor contest and or state contest at Farm Technology Days (FTD).
2. Look into participation numbers to see about eliminating the sectional contest.
3. Location of contest may have an impact on numbers at the state contest depending on the location of FTD.

New Business

Safety Courses

1. Do we need to offer more certification classes at summer conference? See if there is interest. Do we need to cover every subject? Boater Safety, Hunter Safety, etc.
2. How many teacher are certified to teach these classes? Survey?

4. Number of meetings held (List times and places)

1 per year and e-mail updates

5. Any other business or suggestions to the Executive Board

See Section 3
